## About ITC

**INFORMATION TECHNOLOGY CENTER (ITC)** laid its foundation, with pre-eminent goal of propagating knowledge of computer science amongst the rural and neglected youth of the state on no profit basis. It strives to meet the defined aim, by providing the best facilities to the students whereby they are abreast of the latest advancements in the rapidly changing and advancing age of Information Technology.

The center is endorsed by the Anoopam Mission, a solemn spiritual organization, striving to imbibe spiritual - intellectual enlightenment in the society. The serene, divine, peaceful and objective oriented environment forms the kernel of this academic institute. Students therefore are eventually raised to profound sincerity and the sense of humanity is inculcated.

The Anoopam Mission is a nonprofit registered public charitable trust with New Regd. No. E/1390/Anand, Dt. 03/09/2001 working for the rural objective integrated development of mankind with a novel approach. It initiates various social and spiritual activities viz. academic, health care, book bank, scholarship and other financial aid to promising students, culture imparting through religion, spiritual upliftment and youth camp for its moral objective.

### Salient Features

**ITC** is one of the best computer knowledge imparting institutes. It is excellent amalgam of science & spirituality. It has been going on since 1988. Involved in providing job-oriented training ever-since, it has expanded its base by increasing the number of time - bound courses in computer education from three in the initial stages, to more than twenty-five today.
